

REMARKS

Claims 14, 28, 37 and 39 are amended; and claims 1-14, 16-18, 20-32, 34-44, 46 and 47 are pending in the application.

Claims 1-13 are allowed.

Independent claims 14, 28, 37 and 39 are rejected, but the Examiner indicates that such claims will be allowable if amended to clearly recite utilization of phased array microwave radiation. Applicant has amended the claims in accordance with the Examiner's request, and thus believes that claims 14, 28, 37 and 39 are now in condition for allowance. Claims 16-18, 20-27, 29-32, 34-36, 38, 40-44, 46 and 47 depend from claims 14, 28, 37 and 39; and thus are also believed to now be in condition for allowance.

As all of the claims remaining in the application are either allowed, or believed to be in condition for allowance, applicant respectfully request that the Examiner's next action be a Notice of Allowance.

These amendments were previously filed with an after-final response on February 20, 2006; but the Examiner has indicated in an advisory action mailed April 6, 2006 that the amendments were not entered due to such amendments raising new issues. Accordingly, Applicant is filing this RCE to have the amendments entered into the application.

Respectfully submitted,
